REYNOLDS BLUE CHIP GROWTH FUND (RBCGX)

The Reynolds Blue Chip Growth Fund (the “Fund”), a portfolio of Reynolds Funds, Inc., is a no-load mutual fund that under normal market conditions emphasizes investments in “blue chip” growth companies. Since the Fund is no-load, you do not pay any commissions or deferred sales loads.

Please read this Prospectus and keep it for future reference. It contains important information, including information on how the Fund invests and the services it offers to shareholders.

Included with this Prospectus you should receive an Annual Report (or Semi-Annual Report when appropriate) describing the holdings of the Fund. In addition, you can request an individual retirement account (IRA) kit or other retirement plan information that will have all the applications and forms needed to invest in the Fund through your IRA.

The Securities and Exchange Commission has not approved or disapproved these securities or determined if this Prospectus is truthful or complete. Any representation to the contrary is a criminal offense.

SUMMARY INFORMATION ABOUT THE FUND

Investment Objective

Reynolds Blue Chip Growth Fund seeks long-term capital appreciation.

Fees and Expenses of the Fund

The table below describes the fees and expenses that you may pay if you buy, hold, and sell shares of the Fund. You may pay other fees, such as brokerage commissions and other fees to financial intermediaries, which are not reflected in the table and example below.

SHAREHOLDER FEES

(fees paid directly from your investment)

Maximum Sales Charge (Load) Imposed on Purchases	None
Maximum Deferred Sales Charge (Load)	None
Maximum Sales Charge (Load) Imposed on Reinvested Dividends and other Distributions	None
Redemption Fee (transfer agent charge of \$15 for each wire redemption)	None
Exchange Fee	None

ANNUAL FUND OPERATING EXPENSES

(expenses that you pay each year as a percentage of the value of your investment)

Management Fees	1.00%
Distribution and/or Service (12b-1) Fees	0.12%
Other Expenses ⁽¹⁾	0.89%
Total Annual Fund Operating Expenses	2.01%

⁽¹⁾ Other Expenses includes Acquired Fund Fees and Expenses ("AFFE") that did not exceed 0.01% of the Fund's average net assets. AFFE are indirect fees and expenses that the Fund incurs from investing in the shares of other investment companies, including money market funds and other mutual funds, closed-end funds, or business development companies. The Total Annual Fund Operating Expenses does not correlate to the "Ratio of expenses to average net assets, net of reimbursement" or "Ratio of expenses to average net assets, before reimbursement" in the "Financial Highlights," which reflects the operating expenses of the Fund and does not include indirect expenses such as AFFE.

Example. This Example is intended to help you compare the cost of investing in the Fund with the cost of investing in other mutual funds. The Example assumes that you invest \$10,000 in the Fund for the time periods indicated and then redeem all of your shares at the end of those periods. The Example also assumes that your investment has a 5% return each year, that dividends and distributions are reinvested, and that the Fund's operating expenses remain the same. Although your actual costs may be higher or lower, based on these assumptions, your costs would be:

<u>1 Year</u>	<u>3 Years</u>	<u>5 Years</u>	<u>10 Years</u>
\$204	\$630	\$1,083	\$2,338

Portfolio Turnover. The Fund pays transaction costs, such as commissions, when it buys and sells securities (or “turns over” its portfolio). A higher portfolio turnover rate may indicate higher transaction costs and may result in higher taxes when Fund shares are held in a taxable account. These costs, which are not reflected in annual fund operating expenses or in the Example, affect the Fund’s performance. During the most recent fiscal year, the Fund’s portfolio turnover rate was 269% of the average value of its portfolio.

Principal Investment Strategies

The Fund under normal market conditions invests at least 80% of its net assets in the common stocks of “growth” companies that, in the view of the Fund’s investment adviser, are well-established in their industries and have a minimum market capitalization of at least \$1 billion at the time of initial purchase (these companies are commonly referred to as “blue chip” companies). The Fund invests in securities of both domestic and foreign “blue chip” growth companies, in any industry, with the Fund’s investments in foreign companies generally being effected through American Depositary Receipts or “ADRs,” which are dollar-denominated securities of foreign issuers traded in the U.S. The Fund may invest in ADRs through both sponsored and unsponsored arrangements. Although the Fund does not concentrate its investments in any industry, it may focus its investments from time to time on one or more economic sectors, including the information technology sector and the consumer discretionary sector.

The Fund’s investment adviser bases investment decisions on company-specific factors (bottom-up investment approach) and general economic conditions (top-down investment approach). When purchasing “blue chip” growth companies for the Fund, the Fund’s investment adviser looks for companies that have some or all of the following attributes:

- a presence in expanding industries
- a superior and pragmatic growth strategy
- proprietary products, processes or services

- a potential for above-average unit and earnings growth

In pursuing its investment objective, the Fund has the discretion to purchase some securities that do not meet its normal investment criteria. In particular, the Fund may invest in companies that are not now “blue chip” companies, but which the Fund’s investment adviser believes have the potential to become “blue chip” companies. These include:

- leading companies in smaller industries
- lesser known companies moving from a lower to a higher market share position within their industry group

The Fund’s investment adviser will generally sell a portfolio security when the investment adviser believes:

- the security has achieved its value potential
- changing fundamentals signal a deteriorating value potential
- other securities have a better performance potential

While this sell discipline may result in higher annual portfolio turnover rates for the Fund, it also causes the Fund to keep seeking better alternatives.

Principal Risks

Investors in the Fund may lose money. There are risks associated with investments in the types of securities in which the Fund invests. These risks include:

- **Market Risk** - The prices of the securities in which the Fund invests may decline in response to adverse issuer, political, regulatory, market, economic or other developments that may cause broad changes in market value, public perceptions concerning these developments, and adverse investor sentiment or publicity. In particular, events like the Russian military invasion of Ukraine and the resulting actions taken by the United States and European Union in levying broad economic sanctions against Russia could continue to have adverse effects on the price and liquidity of investments, which could adversely affect financial markets, and therefore, Fund performance. Similarly, the recent conflict between Israel and Hamas in Gaza, and the threat of future hostilities in the broader Middle East region, may have

similar adverse effects on market volatility and global economic growth which could adversely affect Fund performance. The impact of any epidemic, pandemic or natural disaster, such as COVID-19, or widespread fear that such events may occur, could also negatively affect the global economy, as well as the economies of individual countries, the financial performance of individual companies and sectors, and the markets in general in significant and unforeseen ways. The risk of trade disputes with other countries, the possibility of changes to some international trade agreements, and government or regulatory actions, including the imposition of tariffs or other protectionist actions, could affect the economies of many nations, including the United States, in ways that cannot necessarily be foreseen at the present time. The price declines of common stocks, in particular, may be steep, sudden and/or prolonged. Price and liquidity changes may occur in the market as a whole, or they may occur in only a particular company, industry, sector, or geographical region of the market. These effects could negatively impact the Fund's performance.

- **Growth Investing Risk** - The investment adviser may be wrong in its assessment of a company's potential for growth and the growth stocks the Fund holds may not grow as the investment adviser anticipates. Finally, there are periods when investing in growth stocks falls out of favor with investors and these stocks may underperform.
- **Technology Companies Risk** - Technology companies may be subject to greater business risks and may be more sensitive to changes in economic conditions than other companies. The earnings of technology companies may fluctuate more than those of other companies because of short product cycles (technological obsolescence) and competitive pricing. Finally, there are periods when investing in stocks of technology companies falls out of favor with investors and these stocks may underperform.
- **Consumer Discretionary Companies Risk** - The success of consumer product manufacturers and retailers is tied closely to the performance of the overall domestic and international economy,

interest rates, competition and consumer confidence. The earnings of such companies may also be closely tied to disposable household income and consumer spending.

- **Medium Capitalization Companies Risk** - There is a risk that the securities of medium capitalization companies may have limited liquidity and greater price volatility than securities of large capitalization companies, which can negatively affect the Fund's ability to sell these securities at quoted market prices.
- **Smaller Capitalization Companies Risk** - Small capitalization companies typically have relatively lower revenues, limited product lines and lack of management depth, and may have a smaller share of the market for their products or services, as compared to large and medium capitalization companies. There is a risk that the securities of small capitalization companies may have limited liquidity and greater price volatility than securities of large and medium capitalization companies, which can negatively affect the Fund's ability to sell these securities at quoted market prices. Finally, there are periods when investing in small capitalization company stocks falls out of favor with investors and these stocks may underperform.
- **Foreign Securities Risk** - There are specific risks associated with investing in the securities of foreign companies, whether directly or in ADRs, not typically associated with investing in domestic companies. Risks include fluctuations in the exchange rates of foreign currencies that may affect the U.S. dollar value of a security, and the possibility of substantial price volatility as a result of political and economic instability in the foreign country. The value of foreign securities and ADRs may change materially at times when U.S. markets are not open for trading. Policy and legislative changes in foreign countries and other events affecting global markets, such as the institution of tariffs by the U.S. or the United Kingdom's exit from the European Union, may contribute to decreased liquidity and increased volatility in the financial markets. Foreign companies may be subject to significantly higher levels of taxation than U.S. companies, including potentially

confiscatory levels of taxation, thereby reducing the earnings potential of such foreign companies. Substantial withholding taxes may apply to distributions from foreign companies. Further, with regard to the Fund's investments in ADRs, ADRs may not track the price of the underlying securities.

- **High Portfolio Turnover Risk** - High portfolio turnover necessarily results in greater transaction costs, such as brokerage commissions, which the Fund must pay and short-term capital gains (or losses) to investors. Greater transaction costs may reduce Fund performance. Distributions to shareholders of short-term capital gains are taxed as ordinary income under current federal income tax laws.
- **Interest Rate Risk** - After a period of historically low interest rates as a result of actions taken by the U.S. government and the Federal Reserve in response to the COVID-19 pandemic, interest rates have begun to rise over the past year, which may adversely affect Fund performance.
- **Liquidity Risk** - Liquidity risk is the risk, due to certain investments trading in lower volumes or to market and economic conditions, that the Fund may be unable to find a buyer for its investments when it seeks to sell them or to receive the price it expects based on the Fund's valuation of the investments. Events that may lead to increased redemptions, such as market disruptions, may also negatively impact the liquidity of the Fund's investments when it needs to dispose of them. If the Fund is forced to sell its investments at an unfavorable time and/or under adverse conditions in order to meet redemption requests, such sales could negatively affect the Fund. Liquidity issues may also make it difficult to value the Fund's investments.
- **Changes in Tax Laws** - Tax law is subject to change, possibly with retroactive effect, or to different interpretations. For example, tax legislation enacted in 2017 (the Tax Cuts and Jobs Act) resulted in fundamental changes to the Internal Revenue Code (some of which are set to expire at the end of 2025). More recently, the

Inflation Reduction Act of 2022 added a 15% alternative minimum tax on large corporations and a 1% excise tax on repurchases of stock by publicly traded corporations and certain affiliates. Any future changes are highly uncertain, and the impact on the Fund or its shareholders cannot be predicted. Prospective shareholders should consult their own tax advisors regarding the impact to them of possible changes in tax laws.

Because of these risks the Fund is a suitable investment only for those investors who have long-term investment goals and who are comfortable with an investment that will fluctuate in value.

Performance

The following performance information indicates some of the risks of investing in the Fund. The bar chart shows changes in the Fund's performance from year to year. The table shows how the Fund's average annual returns for 1, 5 and 10 years compare to the performance of the S&P 500[®] Index, a broad-based securities market index. For additional information on this index, please see "Index Description" in this Prospectus. Please keep in mind that the Fund's past performance, before and after taxes, does not necessarily indicate how it will perform in the future. Updated performance information is available on the Fund's website at www.reynoldsfunds.com or by calling the Fund toll-free at (800) 773-9665.

REYNOLDS BLUE CHIP GROWTH FUND (Total return per calendar year)

During the ten-year period shown on the bar chart, the Fund's highest total return for a quarter was 28.42% (quarter ended June 30, 2020) and the lowest total return for a quarter was -20.59% (quarter ended June 30, 2022).

After-tax returns are calculated using the historical highest individual federal marginal income tax rates and do not reflect the impact of state and local taxes. Actual after-tax returns depend on an investor's tax situation and may differ from those shown. The after-tax returns shown are not relevant to investors who hold their shares through tax-deferred arrangements, such as 401(k) plans or IRAs.

The Fund's return after taxes on distributions and sale of Fund shares may be higher than its returns before taxes and after taxes on distributions when a capital loss occurs upon the redemption of Fund shares.

Average Annual Total Returns (for the periods ended December 31, 2024)

	<u>1</u> <u>Year</u>	<u>5</u> <u>Years</u>	<u>10</u> <u>Years</u>

Tax Information

The Fund's distributions generally will be taxable to you, whether they are paid in cash or reinvested in Fund shares, unless you invest through a tax-deferred arrangement, such as a 401(k) plan or an IRA, in which case such distributions may be taxable at a later date.

Payments to Broker-Dealers and Other Financial Intermediaries

If you purchase Fund shares through a broker-dealer or other financial intermediary (such as a bank), the Fund and its related companies may pay the intermediary for the sale of Fund shares and related services. These payments may create conflicts of interest by influencing the broker-dealer or other intermediary and your salesperson to recommend the Fund over another investment. Ask your salesperson or visit your financial intermediary's website for more information.

INVESTMENT OBJECTIVE, NON-PRINCIPAL INVESTMENT STRATEGIES AND RISKS AND PORTFOLIO HOLDINGS

Investment Objective

The Fund seeks long-term capital appreciation. The Fund may change its investment objective without obtaining shareholder approval. Please remember that an investment objective is not a guarantee. An investment in the Fund might not appreciate and investors could lose money.

Non-Principal Investment Strategies and Risks

The Fund mainly invests in common stocks of "blue chip" growth companies. However, the Fund may, in response to adverse market, economic, political or other conditions, take temporary defensive positions that are inconsistent with the Fund's principal investment strategies. This means the Fund will invest some or all of its assets in money market instruments (such as U.S. Treasury Bills, commercial paper or repurchase agreements). The Fund will not be able to achieve its investment objective of capital appreciation to the extent that it invests in money market instruments since these securities earn interest but do not appreciate in value. When interest rates are low, the income earned on the

Fund's money market investments may be lower than the Fund's expenses resulting in negative returns. When the Fund is not taking a temporary defensive position, it still will hold some cash and money market instruments so that it can pay its expenses, satisfy redemption requests or take advantage of investment opportunities.

In certain market conditions, the Fund's investment adviser may determine that it is appropriate for the Fund to hold a significant cash position for an extended period of time. For example, the Fund expects that it may maintain substantial cash positions when its investment adviser determines that such cash holdings, given the risks the adviser believes to be present in the market, are more beneficial to shareholders than investment in additional securities.

When making investment decisions, the Fund's investment adviser may consider the tax consequences of the Fund's portfolio transactions. This may result in the Fund accelerating a trade in a particular stock, or delaying a trade in a particular stock when it would otherwise normally proceed with the trade.

The Fund is subject to cybersecurity risk. For example, cybersecurity incidents may allow an unauthorized party to gain access to Fund assets, customer data (including private shareholder information), or proprietary information, or cause the Fund, the Fund's investment adviser and/or the Funds' other service providers (including, but not limited to, fund accountants, custodians, sub-custodians, transfer agents and financial intermediaries) to suffer data breaches, data corruption or lose operational functionality. While the Fund has established risk management systems designed to reduce the risks associated with cybersecurity, there can be no assurance that such measures will succeed.

Portfolio Holdings

A description of the Fund's policies and procedures with respect to the disclosure of the Fund's portfolio securities is available in the Fund's Statement of Additional Information ("SAI"), which is incorporated by reference into this Prospectus.

MANAGEMENT OF THE FUND

Investment Adviser

Reynolds Capital Management, LLC is the investment adviser to the Fund (the “Adviser”). The Adviser’s address is 125 East Harmon Avenue #102, Las Vegas, NV 89109. The Adviser has been an SEC-registered investment adviser since 1985, and, in addition to providing investment advisory services to the Fund since 1988, also provides investment advisory services to high net worth individuals.

As the investment adviser to the Fund, the Adviser manages the investment portfolio of the Fund. The Adviser makes the decisions as to which securities to buy and which securities to sell. For its services, the Fund pays the Adviser a monthly management fee that is calculated at the annual rate of 1.00% of the Fund’s average daily net assets. During the last fiscal year, the Fund paid the Adviser an annual investment advisory fee equal to 1.00% of the average net assets of the Fund, net of waivers.

The Adviser has undertaken to reimburse the Fund to the extent that the aggregate annual operating expenses, including investment advisory fees and administration fees but excluding interest, taxes, brokerage commissions and other costs incurred in connection with the purchase or sale of portfolio securities, acquired fund fees and expenses, if any, and extraordinary items, exceed 2.00% of the average net assets of the Fund.

A discussion regarding the basis for the Board of Directors approving the investment advisory agreement for the Fund with the Adviser is available in the Fund’s semi-annual report to shareholders or Form N-CSR, for the most recent period ended March 31.

Portfolio Manager

Frederick L. Reynolds is primarily responsible for the day-to-day management of the portfolio of the Fund and has been the portfolio manager of the Fund since its inception in 1988. Mr. Reynolds is the sole owner of the Adviser and has been conducting an investment advisory business as Reynolds Capital Management, LLC since 1985.

The SAI for the Fund, which is incorporated by reference into this Prospectus, provides additional information about the portfolio manager’s compensation, other accounts managed by the portfolio manager and the portfolio manager’s ownership of securities in the Fund.

THE FUND’S SHARE PRICE

The price at which investors purchase shares of the Fund and at which shareholders redeem shares of the Fund is called its net asset value. The Fund normally calculates its net asset value as of the close of regular trading on the New York Stock Exchange (normally 4:00 p.m. Eastern Time) on each day the New York Stock Exchange is open for trading. If the New York Stock Exchange is not open, then the Fund does not determine its net asset value, and investors may not purchase or redeem shares of the Fund. The New York Stock Exchange is closed for trading on national holidays and weekends. The New York Stock Exchange also may be closed for trading on national days of mourning or due to natural disasters or other extraordinary events or emergencies. If the New York Stock Exchange closes early on a valuation day, the Fund determines its net asset value as of that time. The Fund calculates its net asset value based on the market prices of the securities (other than money market instruments) it holds. The Fund values most money market instruments it holds, which mature in 60 days or less, at their amortized cost. Amortized cost is not used if its use would be inappropriate due to credit or other impairments of the issuer, in which case such securities are fair valued by the Adviser as the “valuation designee” under Rule 2a-5 of the 1940 Act. The Fund will process purchase orders and redemption orders that it receives in good order prior to the close of regular trading on a day that the New York Stock Exchange is open at the net asset value determined later that day and it will process purchase orders and redemption orders that it receives in good order after the close of regular trading at the net asset value calculated on the next day the New York Stock Exchange is open. The Fund considers a purchase, redemption or exchange request to be in “good order” if it is timely submitted and contains the name of the Fund, the number of shares or dollar amount to be purchased, redeemed or exchanged, your name and (if

applicable) your account number and your signature. If an investor sends a purchase order or redemption request to the Fund’s corporate address, instead of to its transfer agent, the Fund will forward it to the transfer agent and the effective date of the purchase order or redemption request will be delayed until the purchase order or redemption request is received by the transfer agent. The net asset value of the Fund’s foreign securities or ADRs may change on days when shareholders will not be able to purchase or redeem the Fund’s shares.

If market quotations are not readily available, the Adviser will value securities at their fair value pursuant to the Fund’s established fair value methodologies. The fair value of a security is the amount which the Fund might reasonably expect to receive upon a current sale. The fair value of a security may differ from the last quoted price and the Fund may not be able to sell a security at the fair value. Market quotations may not be available, for example, if trading in particular securities was halted during the day and not resumed prior to the close of trading on the New York Stock Exchange. With regard to foreign equity securities, the Fund may use a systematic fair valuation methodology provided by an independent pricing service to value foreign equity securities in order to capture events occurring between the time a foreign exchange closes and the close of the New York Stock Exchange that may affect the value of the Fund’s securities traded on foreign exchanges.

Types of securities that the Fund may hold for which fair-value pricing might be required include, but are not limited to: (a) illiquid securities, including “restricted” securities and private placements for which there is no public market; (b) securities of an issuer that has entered into a restructuring; and (c) securities whose trading has been halted or suspended.

Fair value determinations are made by the Adviser in accordance with the Fund’s fair value methodologies. Due to the subjective and variable nature of determining the fair value of a security or other investment, there can be no assurance that the Adviser’s fair value will match or closely correlate to any market quotation that subsequently becomes available or the price quoted or published by other sources. In addition, the Fund may not

be able to obtain the fair value assigned to the security upon the sale of such security.

PURCHASING SHARES

Investment by Mail

Please remember that U.S. Bank N.A. must receive your wired funds prior to the close of regular trading on the New York Stock Exchange for you to receive same-day pricing. The Fund and U.S. Bank N.A. are not responsible for the consequences of delays resulting from the banking or Federal Reserve Wire system, or from incomplete wiring instructions.

Investment by Telephone

If you wish to make subsequent investments by telephone, including IRAs, you must complete the appropriate section of the Purchase Application. Only bank accounts held at domestic financial institutions that are Automated Clearing

House (“ACH”) members may be used for telephone transactions. The option will become effective approximately 7 business days after the application form is received by the Transfer Agent. Subsequent investments may be made by calling 1-800-773-9665. Purchases must be in amounts of \$100 or more and may not be used for initial purchases of the Fund’s shares. Your shares will be purchased at the net asset value calculated on the day of your purchase order. If an account has more than one owner or authorized person, the Fund will accept telephone instructions from any one owner or authorized person. Once a telephone transaction has been placed, it cannot be cancelled or modified after the close of regular trading on the New York Stock Exchange (normally 4:00 p.m. Eastern Time).

Purchasing Shares from Broker-dealers, Financial Institutions and Others

Some broker-dealers may sell shares of the Fund. These broker-dealers may charge investors a fee either at the time of purchase or redemption. The fee, if charged, is retained by the broker-dealer and not remitted to the Fund or the Adviser. Some broker-dealers may purchase and redeem shares on a three-day settlement basis.

The Fund may enter into agreements with broker-dealers, financial institutions or other service providers (“Servicing Agents”) that may include the Fund as an investment alternative in the programs they offer or administer. Servicing Agents may:

- Become shareholders of record of the Fund. This means all requests to purchase additional shares and all redemption requests must be sent through the Servicing Agent. This also means that purchases made through Servicing Agents are not subject to the Fund’s minimum purchase requirements.

- Use procedures and impose restrictions that may be in addition to, or different from, those applicable to investors purchasing shares directly from the Fund.
- Charge fees to their customers for the services they provide them. Also, the Fund and/or the Adviser may pay fees to Servicing Agents to compensate them for the services they provide their customers.
- Be allowed to purchase shares by telephone with payment to follow within seven days. If the telephone purchase is made prior to the close of regular trading on the New York Stock Exchange, it will receive same-day pricing.
- Be authorized to receive purchase orders on behalf of the Fund (and designate other Servicing Agents to accept purchase orders on the Fund’s behalf). If the Fund has entered into an agreement with a Servicing Agent pursuant to which the Servicing Agent (or its designee) has been authorized to accept purchase orders on the Fund’s behalf, then all purchase orders received in good order by the Servicing Agent (or its designee) prior to the close of regular trading (normally 4:00 p.m. Eastern Time) will receive that day’s net asset value, and all purchase orders received in good order by the Servicing Agent (or its designee) after the close of regular trading (normally 4:00 p.m. Eastern Time) will receive the next day’s net asset value.

If you decide to purchase shares through a Servicing Agent, please carefully review the program materials provided to you by the Servicing Agent because particular Servicing Agents may adopt policies or procedures that are separate from those described in this Prospectus. Investors purchasing or redeeming through a Servicing Agent need to check with the Servicing Agent to determine whether the Servicing Agent has entered into an agreement with the Fund. When you purchase shares of the Fund through a Servicing Agent, it is the responsibility of the Servicing Agent to place your order with the Fund on a timely basis. If the Servicing Agent does not place the order on a timely basis, or if it does not pay the purchase price to the Fund within the period specified in its agreement with the Fund, it may be held liable for any resulting fees or losses. A purchase order is deemed to be received when the Fund or a financial intermediary accepts the order. Financial intermediaries

are authorized to designate other financial intermediaries to accept purchase orders on the Fund's behalf.

Other Information about Purchasing Shares of the Fund

The Fund may reject any Purchase Application for any reason. Telephone purchases will only be allowed from shareholders who accepted telephone options on the Purchase Application or from Servicing Agents that have an agreement with the Fund. Shares of the Fund have not been registered for sale outside of the United States. The Fund generally does not sell shares to investors residing outside of the United States, even if they are U.S. citizens or lawful permanent residents, except to investors with U.S. military APO or FPO addresses.

The Fund will not issue certificates evidencing shares purchased. Instead, the Fund will send investors a written confirmation of all purchases of shares.

Automatic Investment Plan ("AIP")

You may make regular monthly or quarterly investments in the Fund (minimum amount of \$50) by completing the appropriate section of the Purchase Application. In order to participate in the AIP, your financial institution must be an ACH member. An ACH debit is drawn electronically against your account at the financial institution of your choice. Upon receipt of the withdrawn funds, the Fund automatically invests the money in additional shares of the Fund at the next calculated net asset value per share. There is no charge by the Fund for this service. The Fund may terminate or modify this privilege at any time. You may terminate or modify your participation by notifying the Transfer Agent at least five days prior to the effective date. Once the initial minimum investment of \$1,000 is made, the subsequent minimum investment amount is \$50. A request to change bank information may require a signature guarantee or other acceptable signature verification. Additionally, the Transfer Agent will charge a \$25 fee for any payment returned as unpaid. You will also be responsible for any losses suffered by the Fund as a result. For additional information about the AIP, please call the Transfer Agent at 1-800-773-9665.

Retirement Plans

The Fund also offers the following retirement plans:

- Traditional IRA
- Roth IRA
- Coverdell Education Savings Account
- SEP-IRA
- SIMPLE IRA

Investors can obtain further information about the retirement plans by calling the Fund at 1-800-773-9665. The Fund recommends that investors consult with a competent financial and tax advisor

regarding the retirement plans before investing through them.

REDEEMING SHARES

How to Redeem (Sell) Shares by Mail

1. Prepare a letter of instruction containing:
 - the name of the Fund
 - account number(s)
 - the amount of money or number of shares to be redeemed
 - the name(s) on the account
 - daytime phone number
 - additional information that the Fund may require for redemptions by corporations, executors, administrators, trustees, guardians, or others who hold shares in a fiduciary or representative capacity. Please contact the Fund's Transfer Agent in advance, at 1-800-773-9665 if you have any questions.
2. Sign the letter of instruction exactly as the shares are registered. Joint ownership accounts must be signed by all owners.

3. A signature guarantee assures that a signature is genuine. It protects shareholders from unauthorized account transfers. You may obtain a signature guarantee from domestic banks, brokers-dealers, credit unions,

national securities exchanges, registered securities associations, clearing agencies and savings associations as well as from participants in the New York Stock Exchange Medallion Signature Program and the Securities Transfer Agents Medallion Program. Have the signatures guaranteed by either a Medallion program member or a non-Medallion program member in the following situations:

- The redemption request exceeds \$100,000.
- The redemption proceeds are payable to or sent to any person, address or bank account not on record.
- When a redemption request is received by the Transfer Agent and the account address has changed within the last 30 calendar days.
- When ownership on an account is being changed.

In addition to the instances described above, the Fund and/or the Transfer Agent may require a signature guarantee or other acceptable signature authentication in other cases based on the facts and circumstances relative to the particular situation.

Non-financial transactions, including establishing or modifying certain services on an account, may require a signature guarantee, a signature verification from a Signature Validation Program (“SVP”) member, or other acceptable form of authentication from a financial institution source. You can get a signature guarantee or SVP stamp from most banks, credit unions, federal savings and loan associations, or securities dealers, **but not from a notary public.**

The Fund reserves the right to waive any signature guarantee requirement at its discretion. **A notarized signature is not an acceptable substitute for a signature guarantee.**

4. Send the letter of instruction

BY FIRST CLASS MAIL TO:

Reynolds Blue Chip Growth Fund
c/o U.S. Bank Global Fund Services
P.O. Box 701
Milwaukee, WI 53201-0701

**BY OVERNIGHT DELIVERY
SERVICE OR EXPRESS MAIL TO:**

Reynolds Blue Chip Growth Fund
c/o U.S. Bank Global Fund Services
3rd Floor
615 East Michigan Street
Milwaukee, WI 53202-5207

Please do not send letters of instruction by overnight delivery service or express mail to the post office box address.

NOTE: Deposit in the mail or with delivery services, or receipt at the Transfer Agent’s post office box, of purchase orders or redemption requests does not constitute receipt by the Transfer Agent of the Fund. Receipt of purchase orders or redemption requests is based on when the order is received at the Transfer Agent’s offices.

**How to Redeem (Sell) Shares
by Telephone**

1. Instruct the Transfer Agent that you want the option of redeeming shares by telephone. This can be done by accepting telephone options on the Purchase

Application. If you have already opened an account, you may write to the Transfer Agent requesting this option. When you do so, please sign the request exactly as your account is registered. You may also be required to have your signature guaranteed or authenticated. We suggest calling the Transfer Agent at 1-800-773-9665 before sending your request. Shares held in retirement plans may be redeemed by telephone. IRA investors will be asked whether or not to withhold taxes from any distribution.

2. Assemble the same information that you would include in the letter of instruction for a written redemption request.
3. Call the Transfer Agent at 1-800-773-9665. **Please do not call the Adviser.**
4. Telephone redemptions must be in amounts of \$1,000 or more but may not exceed \$100,000.
5. If an account has more than one owner or authorized person, the Fund will accept telephone instructions from any one owner or authorized person.
6. **Once a telephone transaction has been placed, it cannot be canceled or modified after the close of regular trading on the New York Stock Exchange (normally 4:00 p.m. Eastern Time).**

How to Redeem (Sell) Shares through Servicing Agents

If your shares are held by a Servicing Agent, you must redeem your shares through the Servicing Agent. Contact the Servicing Agent for instructions on how to do so.

Systematic Withdrawal Plan

As another convenience, you may redeem your Fund shares through the Systematic Withdrawal Plan (the "Plan"). Under the Plan, you may choose to receive a specified dollar amount, generated from the redemption of shares in your account, on a monthly, quarterly, or annual basis. The Plan does not apply to shares of the Fund held in IRAs or in retirement plans. In order to participate in the Plan, your account balance must be at least \$10,000 and each payment should be a minimum of \$100. If you elect this method of redemption, the Fund will send a check to your address of record, or will send the payment via electronic funds transfer through the ACH network, directly to your bank account. For payment through the ACH network, your bank must be an ACH member and your bank account information must be maintained on your Fund account. This Plan may be terminated at any time by the Fund. You may also elect to terminate your participation in this Plan at any time by contacting the Fund's Transfer Agent at least five days prior to the next withdrawal.

A withdrawal under the Plan involves a redemption of shares and may result in a gain or loss for federal income tax purposes. In addition, if the amount requested

to be withdrawn exceeds the amount available in your account, which includes any dividends credited to your account, the account will ultimately be depleted.

Redemption Price

The redemption price per share you receive for redemption requests is the next determined net asset value after:

- The Transfer Agent receives your written request in good order with all required information and documents as necessary. Shareholders should contact the Transfer Agent for further information concerning documentation required for redemption of Fund shares for certain account types (for example, corporate or trust accounts).
- If the Fund has entered into an agreement with a Servicing Agent pursuant to which the Servicing Agent (or its designee) has been authorized to accept redemption requests on behalf of the Fund, then all redemption requests received in good order by the Servicing Agent (or its designee) prior to the close of regular trading (normally 4:00 p.m. Eastern Time) will receive that day's net asset value, and all redemption requests received in good order by the Servicing Agent (or its designee) after the close of regular trading (normally 4:00 p.m. Eastern Time) will receive the next day's net asset value.

Payment of Redemption Proceeds

- For those shareholders who redeem shares by mail, the Transfer Agent will normally mail a check in the amount of the redemption proceeds no later than the seventh day after it receives the redemption request in good order with all required information.
- For those shareholders who redeem by telephone, the Transfer Agent will normally either mail a check in the amount of the redemption proceeds no later than the seventh day after it receives the redemption request, or transfer the redemption proceeds to your designated bank account if you have elected to receive redemption proceeds by either electronic funds transfer or wire. An electronic funds transfer generally takes 2 to 3 business days to reach the shareholder's account whereas the Transfer Agent generally wires

redemption proceeds on the business day following the calculation of the redemption price. However, the Fund may direct the Transfer Agent to pay the proceeds of a telephone redemption on a date no later than the seventh day after the redemption request.

- For those shareholders who redeem shares through Servicing Agents, the Servicing Agent will transmit the redemption proceeds in accordance with its redemption procedures.

Other Redemption Considerations

When redeeming shares of the Fund, shareholders should consider the following:

- The redemption may result in a taxable gain or loss.
- Shareholders who redeem shares held in an IRA must indicate on their written redemption request whether or not to withhold federal income taxes. If not, these redemptions, as well as redemptions of other retirement plans not involving a direct rollover to an eligible plan, will be subject to federal income tax withholding.
- The Fund may delay the payment of redemption proceeds for up to seven days in all cases. In addition, the Fund can suspend redemptions and/or postpone payments of redemption proceeds beyond seven days at times when the New York Stock Exchange is closed or during emergency circumstances, as determined by the SEC.
- If you purchased shares by check or electronic funds transfer, the Fund may delay the payment of redemption proceeds until it is reasonably satisfied the purchase has cleared (which may take up to 15 calendar days from the date of purchase). Shareholders can avoid this delay by utilizing the wire purchase option.
- The Transfer Agent will send the proceeds of telephone redemptions only to a pre-determined bank account or to the address of record. Payment to any other address or account will require a written redemption request with signatures guaranteed.
- The Fund reserves the right to refuse a telephone redemption request if it believes it is advisable to

do so. The Fund and the Transfer Agent may modify or terminate their procedures for telephone redemptions at any time. Neither the Fund nor the Transfer Agent will be liable for following instructions for telephone redemption transactions that they reasonably believe to be genuine, provided they use reasonable procedures to confirm the genuineness of the telephone instructions. They may be liable for unauthorized transactions if they fail to follow such procedures. These procedures include requiring some form of personal identification prior to acting upon the telephone instructions and recording all telephone calls. If an account has more than one owner or authorized person, the Fund will accept telephone instructions from any one owner or authorized person. During periods of substantial economic or market change, you may find telephone redemptions difficult to implement and shareholders may encounter higher than usual call waits. Telephone trades must be received by or prior to market close. Please allow sufficient time to place your telephone transaction. If a shareholder cannot contact the Transfer Agent by telephone, he or she should make a redemption request in writing in the manner described earlier.

- The Transfer Agent currently charges a fee of \$15 when transferring redemption proceeds to your designated bank account by wire but does not charge a fee when transferring redemption proceeds by electronic funds transfer through the ACH network.
- The Fund may involuntarily redeem a shareholder's shares upon certain conditions as may be determined by the Directors, including, for example and not limited to, (1) if the shareholder fails to provide the Fund with identification required by law; (2) if the Fund is unable to verify the information received from the shareholder; and (3) to reimburse the Fund for any loss sustained by reason of the failure of the shareholder to make full payment for shares purchased by the shareholder. Additionally, as discussed below, shares may be redeemed in connection with the closing of small accounts.

- If your account balance falls below \$500 because you redeem shares, you will be given 60 days to make additional investments so that your account balance is \$500 or more. If you do not, the Fund may close your account and mail the redemption proceeds to you.
- The Fund will typically expect that the Fund will hold cash or cash equivalents to meet redemption requests. The Fund may also use the proceeds from the sale of portfolio securities to meet redemption requests if consistent with the management of the Fund. These redemption methods will be used regularly and may also be used in stressed market conditions.
- While the Fund generally pays redemption requests in cash, the Fund reserves the right to pay redemption requests “in-kind” as permitted. This means that the Fund may pay redemption requests entirely or partially with liquid securities rather than cash. Redemption in-kind may be used in stressed market conditions or as deemed advisable pursuant to the Fund’s policies and procedures. In-kind redemptions may be in the form of pro-rata slices of the Fund’s portfolio, individual securities or a representative basket of securities. A shareholder will be exposed to market risk until the readily marketable securities are converted to cash and may incur transaction expenses in converting these securities to cash. Shareholders who receive a redemption “in-kind” may incur costs upon the subsequent disposition of such securities.

EXCHANGING SHARES

Shares of the Fund may be exchanged for the First American Treasury Obligations Fund at the relative net asset value. An affiliate of the Transfer Agent advises First American Treasury Obligations Fund. Neither the Transfer Agent nor First American Treasury Obligations Fund is affiliated with the Fund or the Adviser.

You may have a taxable gain or loss as a result of an exchange because the Internal Revenue Code treats an

exchange as a sale of shares. The registration of both the account from which the exchange is being made and the account to which the exchange is being made must be identical.

How to Exchange Shares

1. Read this Prospectus and the current prospectus for the First American Treasury Obligations Fund carefully.
2. Submit an application for the First American Treasury Obligations Fund so that an account can be established.
3. Determine the number of shares you want to exchange keeping in mind that the minimum initial investment in the First American Treasury Obligations Fund is \$2,500. Subsequent exchanges may be made in amounts of \$100 or more.
4. Call the Transfer Agent at 1-800-773-9665. You may also make an exchange by writing to Reynolds Blue Chip Growth Fund, c/o U.S. Bank Global Fund Services, P.O. Box 701, Milwaukee, Wisconsin 53201-0701. If your account in the First American Treasury Obligations Fund is new, your letter should be accompanied by a completed application.

This exchange privilege does not constitute an offering or recommendation on the part of the Fund or the Adviser of an investment in the First American Treasury Obligations Fund.

MARKET TIMING PROCEDURES

Frequent purchases and redemptions of shares of the Fund by a shareholder may harm other shareholders by interfering with the efficient management of the Fund’s portfolio, increasing brokerage and administrative costs, and potentially diluting the value of their shares. Notwithstanding the foregoing, the Fund’s Board of Directors has determined not to adopt policies and procedures that discourage frequent purchases and redemptions of shares of the Fund because the Fund has not experienced frequent purchases and redemptions of shares that were disruptive to the Fund.

The officers of the Fund receive reports on a regular basis as to purchases and redemptions of shares of the Fund and review these reports to determine if there is any unusual trading in shares of the Fund. The officers of the

Fund will report to the Board of Directors any such unusual trading in shares of the Fund that is disruptive to the Fund. In such event, the Fund's Board of Directors may reconsider its decision not to adopt market timing policies and procedures.

DISTRIBUTION OF FUND SHARES

Shares of the Fund are offered on a continuous basis.

The Fund has adopted a distribution and service plan pursuant to Rule 12b-1 under the Investment Company Act of 1940. This Plan allows the Fund to use up to 0.25% of its average daily net assets to pay sales, distribution and servicing fees for the sale of its shares and for services provided to investors. Because these fees are paid out of the Fund's assets on an on-going basis, over time these fees will increase the cost of your investment and may cost you more than paying other types of sales charges.

DIVIDENDS, DISTRIBUTIONS AND TAXES

The Fund distributes substantially all of its net investment income and substantially all of its capital gains annually.

You have four distribution options:

- **All Reinvestment Option** – Both dividend and capital gains distributions will be reinvested in additional Fund shares.
- **Partial Reinvestment Option** – Dividends will be paid in cash and capital gains distributions will be reinvested in additional Fund shares.
- **Partial Reinvestment Option** – Dividends will be reinvested in additional Fund shares and capital gains distributions will be paid in cash.
- **All Cash Option** – Both dividend and capital gains distributions will be paid in cash.

You may make this election on the Purchase Application. You may change your election by writing to the Transfer Agent or by calling 1-800-773-9665 at least five days prior to the record date of the distribution.

If you elect to receive distributions paid in cash and the U.S. Postal Service cannot deliver the check, or if a

check remains outstanding for six months, the Fund reserves the right to reinvest the distribution check in your account. The reinvestment will be at the Fund's current net asset value and all subsequent distributions will also be reinvested.

The following discussion regarding federal income taxes summarizes only some of the important federal income tax considerations affecting the Fund and you as a shareholder. It does not apply to foreign or tax-exempt shareholders or those holding Fund shares through a tax-advantaged account, such as a 401(k) plan or IRA. This discussion is not intended as a substitute for careful tax planning. You should consult your tax advisor about your specific tax situation. Please see the SAI for additional federal income tax information.

The Fund has elected to be treated and intends to qualify each year as a regulated investment company (a "RIC"). A RIC is not subject to tax at the corporate level on income and gains from investments that are distributed in a timely manner to shareholders. However, the Fund's failure to qualify as a RIC would result in corporate level taxation, and consequently, a reduction in income available for distribution to you as a shareholder.

The Fund's dividends and capital gain distributions generally will be subject to federal, state and local income tax whether received in cash or reinvested in Fund shares. Dividends generally will be taxed as ordinary income and capital gain distributions generally will be taxed as long-term capital gain.

Corporate shareholders may be able to deduct a portion of their distributions when determining their taxable income.

If you purchase shares of the Fund shortly before it makes a taxable distribution, your distribution will, in effect, be a taxable return of capital. Similarly, if you purchase shares of the Fund that have appreciated securities, you will receive a taxable return of part of your investment if and when the Fund sells the appreciated securities and distributes the gain. The Fund has built up, or has the potential to build up, high levels of unrealized appreciation.

The Fund will notify you of the tax status of dividends and capital gain distributions after the end of each calendar year.

You will generally recognize taxable gain or loss on a redemption of shares in an amount equal to the difference between the amount received and your tax basis in such shares. This gain or loss will generally be capital and will be long-term capital gain or loss if the shares were held for more than one year.

In general, when a shareholder sells Fund shares, the Fund must report to the shareholder and the IRS the shareholder's cost basis, gain or loss and holding period in the sold shares using a specified method for determining which shares were sold. You are not bound by this method and, if timely, can choose a different, permissible method. Please consult with your tax advisor.

If you hold shares in the Fund through a Servicing Agent (or another nominee), please contact that Servicing Agent (or nominee) with respect to the reporting of cost basis and available elections for your account.

When you receive a distribution from the Fund or redeem shares, you may be subject to backup withholding.

ACCOUNT SERVICES AND POLICIES

Immediate Balance Information

Through an electronic Voice Response Unit ("VRU") the Fund offers 24-hour-a-day shareholder service both by telephone and on the Internet. Just call 1-800-773-9665 for an update on your account balance or the latest share prices. The VRU will guide you to your desired information. Remember to have your account number handy.

Lost Shareholders, Inactive Accounts and Unclaimed Property

It is important that the Fund maintains a correct address for each investor. An incorrect address may cause an investor's account statements and other mailings to be returned to the Fund. Based upon statutory requirements for returned mail, the Fund will attempt to locate the investor or rightful owner of the account. If the Fund is unable to locate the investor, then it will determine whether the investor's account can legally be considered abandoned. Your mutual fund account may be transferred to the state government of your state of residence if no activity occurs within your account during the "inactivity period" specified in your state's abandoned property laws.

The Fund is legally obligated to escheat (or transfer) abandoned property to the appropriate state's unclaimed property administrator in accordance with statutory requirements. The investor's last known address of record determines which state has jurisdiction. Please proactively contact the Fund at 1-800-773-9665 at least annually to ensure your account remains in active status. Investors who are residents of the state of Texas may designate a representative to receive legislatively required unclaimed property due diligence notifications. Please contact the Transfer Agent to complete a Texas Designation of Representative form.

Reports and Householding

In an effort to decrease costs, the Fund intends to reduce the number of duplicate shareholder documents, including prospectuses, shareholder reports, notices and proxy statements, that you receive by sending only one copy of each to those addresses shared by two or more accounts and to shareholders we reasonably believe are from the same family or household (this is referred to as "householding"). Once implemented, if you would like to discontinue householding for your accounts, please call toll-free at 1-800-773-9665 to request individual copies of these documents. Once the Fund receives notice to stop householding, we will begin sending individual copies thirty days after receiving your request. This policy does not apply to account statements.

Website

Visit the Fund's website at: www.reynoldsfunds.com.

You can view your account list, account detail (including account balances), transaction history, distributions and Fund prices through the Fund's website. The Fund is committed to protecting your personal financial security and has strict measures in place to ensure that others will never have access to your personal financial information.

Once you have established an account and you have received your account number, you can go to the Fund's website at www.reynoldsfunds.com to establish a personal identification number ("PIN") which allows you to access your account information online. If you forget, misplace or have difficulty establishing your PIN online, please contact a Shareholder Services Representative at 1-800-773-9665.

INDEX DESCRIPTION

Please note that you cannot invest directly in an index.

The S&P 500[®] Index consists of 500 stocks chosen for market size, liquidity, and industry group representation.
